#36
#62
#141
#188

Cut off notice will be sent to:

#37
#53

Old Business:

Ed and Pat have identified six residential meters that need to be replaced. Angie will work on getting them scheduled. Still waiting for TW Summit to replace commercial meters. Scheduled for April 24 and 25.

We may need to look for a leak detection company. Ed will talk to TW Summit for an estimate. Totals were better this month.

DRC Construction completed the cleaning and scope of the sewer system. They are working on a proposal.

Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.

Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.

Lead pipe form must be submitted by October 2024. Ed found the form and was able to download and print it.

New Business:

Sewer rates went up 1.28 per tap. Now that we are an official board we need to look at rates and increases.

With no further business, Casey Beckett adjourned the meeting at 6:23 pm
