#147
#161
#188

Cut off notice will be sent to:

#62

Disconnect Notice will be sent to:

#37 to be cut off May 27
#53 to be cut off May 27

Old Business:

Ed and Pat have identified six residential meters that need to be replaced. Angie will work on getting them scheduled.

TW Summit replaced two commercial meters. Cost was about \$5,000.

We may need to look for a leak detection company. Ed will talk to TW Summit for an estimate. Totals were better again and actually showed in our favor. Problem may have been the commercial meters that were replaced but Ed will still follow up with TW.

DRC Construction completed the cleaning and scope of the sewer system. They are working on a proposal.

Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.

Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.

Lead pipe form must be submitted by October 2024. Ed found the form and was able to download and print it.

Sewer rates went up 1.28 per tap. Now that we are an official board we need to look at rates and increases. We need to post the meeting agenda on line so people know we are going to talk about rate increase.

New Business:

City of Lakewood put us on the agenda. Cathy talked to Bart (lawyer) who is following through to find out what the resolution is exactly about. They do know that the county already appointed us.

With no further business, Casey Beckett adjourned the meeting at 6:48 pm
