Old Business:

- Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able. Due to the sanitary survey, Semocor should be prioritizing this now.
- Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.
- We need to order new meter lids. The new ones that we got don't fit properly. Dana Kepner is working on this. New lids aren't working but Ed was able to use the old lids. Will we get our money back?
- It was discovered that one of the new houses on 1 South Garland St. poured their driveway over one of our water valves. This needs to be investigated.
- Also paved over are 3 manholes on school district property
- Heater and thermostat will need to be put in the vault/control panel box prior to freezing weather. Ed is still trying to figure out the best way to take care of this problem.
- City of Lakewood sent a letter requesting rate schedule. Kim will respond by letting them know our rate schedule is on our web site. As justification, see the budget.

New Business:

- Sanitary Survey was done. Our emergency response plan needs to be updated. Other than that it was OK.

- Lots and Lots of locates have been done for Google Fiber
- 2025 Budget was presented. Cathy made a motion to adopt. Seconded by Casey Beckett. Motion passed unanimously.

With no further business, Casey Beckett adjourned the meeting at 6:45 pm
