#141 is for sale. We will need to collect from the title company.

#6 needs a past due and a letter explaining lien will being filed.

Old Business:

- Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.
- Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.
- We need to order new meter lids. The new ones that we got don't fit properly. Dana Kepner is working on this. New lids aren't working but Ed was able to use the old lids. Will we get our money back?
- It was discovered that one of the new houses on 1 South Garland St. poured their driveway over one of our water valves. This needs to be investigated.

New Business:

- Pat is out due to health. Ed has done many locates. Meter replacement is on hold until Pat is back. Warren was hired to do an emergency replacement for meter that had a freeze plug blow. (Pipes had frozen in the house and probably had an impact on the freeze plug.)
- Sewer repairs and the sewer cleanout are both completed and paid for.
- Fletcher-Miller school is undergoing an addition. During the construction process it was discovered that one manhole has been paved over and another two are under the playground. 5 are exposed.
- Exemption from audit form was signed by the board

With no further business, Casey Beckett adjourned the meeting at 6:52 pm
