- #161

Disconnect Notice will be sent to:

- #53 to be cut off July 1
- #62 to be cut off July 1

Old Business:

- DRC Construction completed the cleaning and scope of the sewer system. They are working on a proposal.
- Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.
- Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.
- Lead pipe form must be submitted by October 2024. Ed found the form and was able to download and print it.
- Sewer rates went up 1.28 per tap. Now that we are an official board we need to look at rates and increases. We need to post the meeting agenda on line so people know we are going to talk about rate increase.

New Business:

- It was discovered that one of the new houses on 1 South Garland St. poured their driveway over one of our water valves. This needs to be investigated.
- Hydrants were flushed June 1. The work triggered pump 2 to keep cycling. Arvada Pump came out and checked on it. They also found a couple of other issues that need attention.

- We need to order new meter lids. The new ones that we got don't fit properly. Dana Kepner is working on this.
- Casey will look in to money from the state so we can look in to increasing our tap size.

With no further business, Casey Beckett adjourned the meeting at 6:38 pm
