

BONVUE WATER & SANITATION DISTRICT
757th MEETING October 10, 2023

Casey Beckett called the 757th meeting of the Bonvue Water & Sanitation District to order at 6:17 pm at the West Metro Fire Station at 1st and Garrison. Board members present were: Casey Beckett, Cathy Kentner, Kim Cooley, and Ed Zimbleman.

September meeting was canceled due to lack of quorum.

Motion to accept August minutes was made by Casey Beckett and seconded by Kim Cooley. Passed unanimously.

Motion to pay the bills and accept financials was made by Casey Beckett and seconded by Ed Zimbleman. Passed unanimously.

Past Due Notices will be sent to:

#14
#16
#36
#53
#55
#99
#111
#124
#141

#139 needs a past due until we can send a letter explaining that the next step is a lien. Cathy will contact lawyer to see if we can file a lien.

#6 needs a past due and a letter explaining lien is being filed. Cathy will contact Angie for the balance and also call the lawyer about this.

Old Business:

- Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.
- Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.
- Lead pipe form must be submitted by October 2024. Ed found the form and was able to download and print it.
- Hydrants were flushed June 1. The work triggered pump 2 to keep cycling. Arvada Pump came out and checked on it. They also found a couple of other issues that need attention. No update.
- We need to order new meter lids. The new ones that we got don't fit properly. Dana Kepner is working on this. DONE!!! ☺
- Casey will look in to money from the state so we can look in to increasing our tap size. Ed has an update. RTI is evaluating our application and has some follow-up questions, mostly in relation to natural disaster. Ed will call them

to do the interview and then the “ball is in their court”. We are asking for an increase in our tap size to tap in to Denver Water line.

- It was discovered that one of the new houses on 1 South Garland St. poured their driveway over one of our water valves. This needs to be investigated.

New Business:

- DRC Construction completed the cleaning and scope of the sewer system. The proposal for fixing the sewer lines around 2nd and Garland is \$75,000. Casey will get a copy of the scoping video and then contact Colorado Sewer or another company for a competitive bid. It’s time to schedule the sewer cleanout but we will wait until the repair is completed.

Kim updated our security for the web site pay.

Kim presented a comparison of fees from different water and san districts. We will use it as part of the fee and rate discussion next month.

Kim attended a fee setting Zoom meeting put on by the state water quality control district.

Cathy got a draft of by-laws from the lawyer. Casey will go through the template and bring it with notes for next time

With no further business, Casey Beckett adjourned the meeting at 7:10 pm
