#6 needs a past due and a letter explaining lien is being filed. Cathy will contact Angie for the balance and also call the lawyer about this.

Old Business:

DRC was contacted to schedule sewer clean out. Waiting for specific dates

Hydrants were flushed June 1. The work triggered pump 2 to keep cycling. Arvada Pump came out and checked on it. They also found a couple of other issues that need attention. No update.

- Will with Semocor said that the Backflow program should be completed by 5-12-22. In the works. Short staffed so they will get to it when they are able.
- Ed met with Denver Water. They are planning on replacing our master meter soon. Water will need to be turned off for at least 8 hours. No time frame yet. Ed is also meeting with Green Mountain Water to set up a connection so we can hook up to their system to have working hydrants during that time. Still in the works. No new update.
- Lead pipe form must be submitted by October 2024. Ed found the form and was able to download and print it.
- We need to order new meter lids. The new ones that we got don't fit properly. Dana Kepner is working on this. New lids aren't working but Ed was able to use the old lids. Will we get our money back?
- It was discovered that one of the new houses on 1 South Garland St. poured their driveway over one of our water valves. This needs to be investigated.

New Business:

- sewer lines for \$75,000. Motion passed unanimously

- Kim presented the draft 2024 budget. We have been running at about a \$35,000 per year deficit. Therefore we need to raise rates. Cathy made a motion to approve the draft budget. Seconded by Casey. Passed unanimously
- After much discussion, Cathy made a motion to raise the base charge for water by \$5 per month per account, raise the sewer base charge water by \$5 per month per account, and raise water rates by \$1/1,000 gallons used. Casey seconded. Motion passed unanimously.

With no further business, Casey Beckett adjourned the meeting at 7:05 pm
